from concept, to reality

We specialize in design concepts ranging from 'store with-in store,' comprehensive refreshes for existing stores and complete design services for ground up stand-alone stores. With our resources and experience, we strive to be the complete retail design solution for your retail furniture business.

testimonials

“Moso has been instrumental in assisting us with our Home Environments Gallery Concepts. From floor layout, to the creation of different branded elements, such as pillow case stands, tag toppers, display walls, pamphlets and tear sheets, Moso has helped us turn a drab furniture area into a branded furniture gallery...one that we are extremely proud of. Growth of the account has increased substantially, both in store and online. They are a true partner in helping your store dress to impress and increase business.”

Angel Clark

Marketing Specialist, Ashley Furniture Industries

“We recently completed (11-25-15) a showroom makeover using Moso’s “Comfort Gallery” concept. We could not be happier! Sales of recliners jumped up to 194% in December! Your design, floor plan layout & signage package proves: **Improve your display, Improves sales!**”

Jack Moehling, Jr.
